

2022 Spring semester announcement

Written by Liming Zhao

Sunday, 05 December 2021 20:46 - Last Updated Sunday, 05 December 2021 21:01

Dear students, parents and ICCCI community members:

Hope you all are doing well!

After 18 months of virtual online classes, ICCCI Chinese School originally planned to offer in-person classes for Spring semester 2022 at Carmel High School. However, with the emergence of the COVID-19 Omicron variant, there are increased public health concerns. The latest survey of school parents showed that about 60% of parents prefer online virtual learning. So for the 2022 Spring semester we will offer online classes.

Currently the online registration is open. Online registration will close at 5pm on Jan. 7, 2022.

There are several changes for class registration.

□ First, ICCCI created a new website (<https://indychinese.org/>) (note; the domain is ORG, not COM), and all registration will be done on this website. First time users, please create a new account for yourself. The login information from the old website will not be transferred.

□ Tuition payment will be processed online during registration using PayPal and Debit/Credit card.

□ Tuition prices were adjusted to reflect the increase of textbook fees, school insurance cost, credit card processing cost, and new website design cost. This is the first tuition increase since 2007 for ICCCI Chinese School.

The 1st day of the Spring semester will be on Jan. 16. The school calendar for Spring semester 2022 is attached.
